

NURI Updates #6

30th October 2020

Temporary closure of NURI Schools

In adherence to the government's current directive, NURI schools and all associated programs will be closed from 2nd November 2020 to 14th November 2020.

Assessment 2020

We are currently in our 2nd week of Year End Assessments. The remaining assessments will be postponed to a later date.

E-Learners & Books Collection from Branch

In lieu of the postponement of the assessment, we will resume our normal curriculum next week through our updated version of the Nuri E-Learners.

Principals will communicate with parents directly when the E-Learners lessons have been released.

Parents or Guardians can collect their child's books and study kits on Monday, 2nd November 2020 at their respective branches.

Further Updates

As the situation quickly unravels, there are many things left unclear.

We are in a state of continuous discussions on matters pertaining to education, fees, assessment, operations and much more – and we will keep you updated on any new developments or updates.

Message from NURI

We, the parents, students, teachers, principals, and management support staff, have been down this road before and together we have weathered the 3+ months MCO.

We managed to resume the education of your child in a gradual and systematic manner and we are thankful for the precious 4 months that was granted to us.

Our journey is not over yet. We have assessments and our curriculum to complete. We have our Intake 2020, 6-year students that we must ensure they graduate properly. We are proud of our Intake 2020 students – our 30th Anniversary students – as they have shown a resilience, inner strength, and determination in the face of a momentous challenge that none of the other student Intakes have faced before.

As we face a fast-evolving world, I am certain that we can overcome any challenges that threatens the health, safety, development, and education of your child.

We have done it before. Let us do it again.

Thank You.
